High standards of hygiene and cleanliness are already delivered across all our brands, all over the world. However the **COVID-19** pandemic demands that we elevate those standards even further; therefore, we have launched the ALLSAFE label, which represents some of the most stringent cleaning standards & operational procedures in the hospitality industry.

Accor's global cleanliness & prevention standards have been developed with and vetted by Bureau Veritas, a world leader in testing, inspections and certification. The ALLSAFE label communicates to guests when these standards have been met in our hotels.
