## LE CHÂTEAU MONTEBELLO

In June 1930, the North American newspapers announced the end of the construction of a monumental red cedar castle, in only four months! For 40 years, the castle was a private club for the rich and famous and it was in 1970 that its doors were opened to the public. This year ( 2020 ), Fairmont Le Château Montebello celebrates its 90th birthday.

LE CHÂTEAU MONTEBELLO

In May 1855, Louis-Joseph Papineau named his property “MonteBello,” and in 1878, the town was officially founded. The spirit of the Papineau family can still be felt at the Manor, in the family burial chapel and in the village, where history has been well preserved. Enjoy a whole gamut of fun outdoor activities that are delightful for all ages. You can also enjoy a walk on the main street where the small boutiques, the restaurants and others will charm you.
