LAKE LOUISE MUST DO'S *Fairmont*

Fondue at the Walliser Stube is truly something you must try. The Walliser Stube Restaurant pays homage to the Swiss Mountain Guides who were instrumental in assisting many early North American mountain climbers to virgin ascents of our surrounding Rocky Mountain peaks, some 120 years ago.

LAKE LOUISE MUST DO'S *Fairmont*

One of the most amazing winter additions to Lake Louise has been the Ice Magic Festival. Running over a ten day period in January, ice carvers from around the world come to compete in this annual festival. You can get a front row seat as you watch these artists transform blocks of ice into works of art.

Can't come in January? Don't worry – the great part is that these sculptures are then part of our outdoor décor the entire winter.
