MINDFUL BREAKS

Let Well & Being bring a bit of inner calm, relaxation and renewed energy to your attendees during the conference and give them a few tools to take that calm with them after the session. All sessions can be done in business attire - no special shoes or fitness clothing required.

CLASS CHOICES

FIND YOUR FOCUS

Many of us hold our breath when we're anxious or angry or take shallow breaths when we're stressed. Our Yoga/Movement Expert will get your attendees out of their chairs, get blood flowing through gentle yoga stretches and learn several breathing exercises to refocus energy and reduce stress. The exercises are easy to learn and can be used just about anywhere to help you relax.

TIME TO MOVE

Short, fast and fun. Our Fitness Experts will do some simple moves for a fun and quick workout to get the blood flowing. No dance experience necessary.

LAUGHING YOGA

Laughter is the best medicine...for reducing blood pressure and stress while increasing endorphins. Our Yoga/Movement Expert will guide your group through a series of laughter exercises and soon the laughter will become contagious. A great way to loosen up a group and build team morale; can be done seated and is appropriate for all.

TENSION BUSTER

Through guided tensing and relaxing of muscles, attendees will feel refreshed and energized. As participants feel the physical effects of muscle relaxation their minds also begin to let go of tension resulting in a relaxed and rejuvenated state.
