FOXWOODS EL SAN JUAN CASINO

Two legendary brands come together to bring 15,000 square feet of all-day entertainment to Isla Verde Beach.

With today's best slots and table games, a world-class performance venue, and much more on the way, there's plenty to get excited about.

A woman with long brown hair, wearing a wide-brimmed straw hat and a dark swimsuit, is lying on her stomach on a light-colored stone patio. She is propped up on her elbows, looking away from the camera towards a swimming pool. The pool has a blue and white tiled edge. In the background, there are several blue and white striped umbrellas and a building with a light-colored facade. The overall scene is bright and sunny, suggesting a tropical or resort location.
