THE ROOFTOP BEES

There's always a buzz at Fairmont Waterfront with over 250,000 resident honeybees making a beeline for the rooftop garden every summer since 2008. These busy bees produce up to 200 lbs of honey every year, which our culinary team puts to good use with seasonal dishes in ARC, infusing honey into everything from pastries & salad dressings to signature cocktails. Be sure to try the Fairmont Waterfront's signature West Coast Wild gin, distilled completely from honey by Wayward Distillery exclusively for the hotel.

THE WATERFRONT LOCATION

The hotel is situated in a prime location, connected to Canada Place & the Cruise Ship Terminal - perfect for enjoying a pre- or post-cruise stay. Guests can also access the Seawall, which is an uninterrupted waterfront loop around Stanley Park and a must-see for anyone looking to experience the city's natural beauty like a local. Go for a stroll or borrow one of the complimentary hotel bicycles and explore this 10km car-free pathway.
