DESTINATION PANAMA

WHAT MAKES PANAMA UNIQUE

- **CONNECTIVITY:** Panama is the best connected city in Latin America, with direct flights from Europe, Asia, North America, Central America, South America and the Caribbean.
- **DIVERSITY:** Panama is second to none in diversity of attractions: from heavenly beaches on both coasts, to rainforest trails, high-end shopping malls and a rich cultural fusion.
- **CURRENCY:** The US Dollar is of legal tender in Panama, making it easier to budget for your event. Plus, your meeting expenses are tax deductible, just as they would be in the United States.
- **ACCESSIBILITY:** Due to its small size, Panama can be toured in a couple of hours, be it before, after or even during your event. It is the perfect destination.
- **LANGUAGE:** Spanish is the official language. However, a large part of the population speaks English.
- **CLIMATE:** Average annual climate of 27°C (70°F). **Dry season:** December to April. **Rainy season:** May to November.
- **BEST SEASON:** Because of its climate, Panama is an excellent place to visit all year round.
- **BUSINESS CAPITAL OF THE AMERICAS:** Panama City is the regional capital for business and is at the center of the region's emerging economies as it is home to the regional headquarters of the most important global multinationals
- **THE LARGEST MEETING SPACES IN THE REGION:** Two large convention centers with a combined capacity for 40,000 people. They have advanced technology and support from the DMO, PROMTUR.
- **THE PANAMA CANAL:** It is considered one of the greatest feats in the history of engineering and one of the wonders of the modern world. Its construction connected two seas and the entire world.
