“The Best Hotels In Downtown Montreal”

By [Joanne Shurvell](#)

“The hotel cultivates relationships with cultural institutions and events so it can offer exclusive, VIP experiences in Montreal to their guests.

The acclaimed, creative French restaurant at street level is named Renoir after a painting by the French master loaned by a Sofitel executive to the Fine Art Museum down the street.

Climb the mid-century stairs to the mezzanine to look at the custom lobby carpet that's a tapestry of Montreal signature festivals and events.”
